Penalties are +2 seconds per cone and + 10 seconds per gate

Format:Time [ cone / gate penalty]

DNR time is computed with slowest heat time + 10 seconds

Example: 100.123 [2/1] denotes raw time of 100.123 with 2 cones and 1 gate

DNR for entire heat is computed with 100 seconds times number of runs

Slowest time of heat is dropped (Orange highlight)

### Point Scoring

- 1) Points are awarded based on a 50 entrant maximum  
50 points being awarded to fastest time, 49 points to second fastest, so on and so forth on down the line  
No matter how many drivers under 50 during the event. Example: if only 30 entrants, 50 points would go to 1st on down to 20 points for last place.
- 2) 1 extra point awarded for every "counted run" (excluding slowest time during heat) with no cones hit  
Example: 100.123 [1/0] no point awarded : 100.123 [0/0] +1point
- 3) Negative 2 points for every Gate missed during a "counted run"  
Example: 100.123 [1/1] Negative 2 points :
- 4) 1 point given to the driver with the best single time of the day.( Highlighted in Green)
